

## **All Music Guide To Jazz**

Jazz has been called America's classical music, and for good reason. Along with the blues, its forefather, it is one of the first truly indigenous musics to develop in America, yet its unpredictable, risky ventures into improvisation gave it critical cache with scholars that the blues lacked.

## **Jazz Music Genre Overview | AllMusic**

As a songwriter and vocalist, I love jazz for the experience of being in the center of intense creativity. It is the most potent form of music for keeping the artist and the audience in the 'now'

The music of Cuba, including its instruments, performance and dance, comprises a large set of unique traditions influenced mostly by west African and European (especially Spanish) music. Due to the syncretic nature of most of its genres, Cuban music is often considered one of the richest and most influential regional musics of the world.
