Special attention to related-party has a long history in auditing. From the auditor's perspective, related-party transactions have two distinct, but not mutually exclusive, aspects: adequate disclosure and fraud detection.

### **Audit Procedures For Related-Party Transactions ...**

Overview. The audit opinion is intended to provide reasonable assurance, but not absolute assurance, that the financial statements are presented fairly, in all material respects, and/or give a true and fair view in accordance with the financial reporting framework.

### **Financial audit - Wikipedia**

Audit evidence is evidence obtained by auditors during a financial audit and recorded in the audit working papers. Auditors need audit evidence to see if a company has the correct information considering their financial transactions so a C.P.A. (Certified Public Accountant) can confirm their financial statements.
