

Chemical Biomolecular Engineering Gatech

Research Interests. Creating, understanding, and rationally engineering nanoporous materials and membranes through innovative chemical processing strategies

Sankar Nair | Georgia Tech School of Chemical ...

Research Interests: Selective Adsorbents for Carbon Dioxide Capture; Novel Porous Structures for Enhanced Air Purification; Metal-Organic Frameworks as Site-Specific Catalysts

Krista S. Walton | Georgia Tech School of Chemical ...

Complete REPP institution and Georgia Tech admission requirements. Successful completion of course requirements by engineering major. Achieve the minimum 3.3 overall grade point average if applying for a high demand engineering major (Mechanical, Electrical, Computer, Industrial, and Chemical & Biomolecular) The GPA requirement for all ...

Regents' Engineering Pathway Program (REPP) | admission ...

The Sholl Research Group is part of the Chemical and Biomolecular Engineering Department at the Georgia Institute of Technology, with a focus on providing materials insights using atomistic simulations.

Graduate-Level Courses < Georgia Institute of Technology

Graduate Admissions. Requirements and deadlines vary by graduate program. On the following page, select your program of interest to view its admission requirements, application deadlines, and program coordinator contact information.

Master's Degrees - gatech.edu

Georgia Tech degrees, majors, minors, bachelor's, master's, and phd, including online, professional, and MBA.

Majors and Degree Programs - gatech.edu

Congratulations to our Spring 2019 graduates! Family and guests are welcome to celebrate your accomplishments at Georgia Tech's Commencement on May 3 and 4, 2019.

Spring 2019 Commencement Schedule | Georgia Tech Institute ...

It's All About Science and Math. Offered during fall and spring terms (September - April) This session is designed for students interested in pursuing an undergraduate degree in Biology, Biochemistry, Chemistry, Earth & Atmospheric Sciences, Mathematics, Physics or Psychology.

Academic Sessions | admission.gatech.edu | Georgia ...

1849 - 2010 WHEN FIRST INCORPORATED, Chicago was a swampy little town populated only by a few hundred people. Soon after, the historical Chicago Tribune (1849-1995) began chronicling the city's challenges, achievements, and evolution into one of America's finest cities.

A-Z Databases - libguides.gatech.edu

Georgia Tech has developed a new material and manufacturing process that would make one way to use solar power more efficient in generating electricity.

energy.gatech.edu - Home | Strategic Energy Institute

An undergraduate minor is a defined program of study outside the student's major field. Minors are intended to broaden the student's education by encouraging and officially recognizing knowledge obtained by the student in fields other than their major.

Undergraduate Minors < Georgia Institute of Technology

ISORROPIA and ISORROPIA II are models that calculates the composition and phase state of an ammonia -sulfate -nitrate -chloride -sodium -calcium -potassium -magnesium -water inorganic aerosol in thermodynamic equilibrium with gas phase precursors.

ISORROPIA Homepage - Georgia Institute of Technology

The Georgia Institute of Technology, also known as Georgia Tech, is one of the nation's leading research universities — a university that embraces change while continually creating the next.

Transdermal drug delivery

Transdermal drug delivery has made an important contribution to medical practice, but has yet to fully achieve its potential as an alternative to oral delivery and hypodermic injections.

Transdermal drug delivery | Nature Biotechnology

The University of Chicago is a private, nondenominational, culturally rich and ethnically diverse coeducational research university located in Hyde Park, Chicago.

The University of Chicago

Faculty Positions. tenure-track, tenured, and visiting/sabbatical replacement faculty positions, nearly all requiring a PhD (most recent post dates in red)
