CNC schools - CNC Concepts, Inc.

The original business philosophy was to remain a small specialized company which maintains close contacts with customers and focus on design of superior equipment at reasonable prices.

About - Glass Processing Equipment

On my ole Haas Mill the setups coordinates are all switched over to negative. Blows my mind from time to time, especiaaly in dry runs where I want to keep the tool over the workpiece by entering Z+1.00 to the offset and it actually want to go -1.000 down into the work.
